

# travelling *Ladies* club

Summer 2019

## Greetings Ladies.

We hope the New Year has started well for you and you are looking forward to a year of travel adventures.

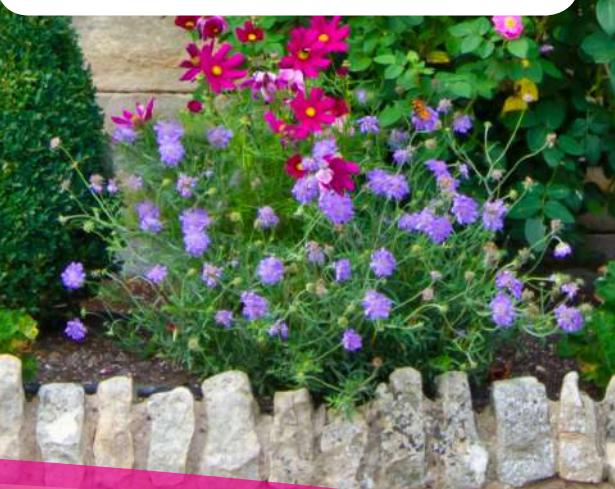

We would like to welcome all new TLC members. As we have written in past newsletters, a wonderful aspect of the Travelling Ladies Club is the more members we have the better the club becomes, as it is easier to find others with a common interest and for us to offer specialised tours to cater for them.

We recently had a group of quilters, who had requested an itinerary to suit their interests, return from the USA very excited about the places they had visited. They are now planning their next tour.

In 2019 we have ladies, who have met through the club, visiting many corners of the world. We love and feel privileged being part of the excitement of the planning process of these adventures and look forward to assisting you in fulfilling your dreams in 2019.

*Warm regards*

Ruth, Anne, Pam, Robyn & Judy

## My European River Cruise with Travelmarvel

We are excited to welcome APT & Travelmarvel to speak to us in Hobart this February. Shanae from our Hobart office recently enjoyed a river cruise with Travelmarvel, and only has beautiful things to say!

In September I had the pleasure of sailing on the Travelmarvel Diamond, from Amsterdam to Nuremberg along the Rhine & Main Rivers. This was my first experience of river cruising and it certainly exceeded my expectations.

Travelmarvel were exceptional hosts and everything from the safety briefing to the excursions off the ship ran like clockwork. The staff onboard made the experience that much more enjoyable, and by day three they even knew what coffee you liked in the morning.

Roland, our cruise director was exceptional – even sourcing a new CPAP machine to assist in treating one of the guests' sleep apnea, and delivering it back to the ship so the client was not affected.

From sailing along the river after breakfast, rugged up in blankets and drinking hot chocolate, to exploring the vineyards and towns of Germany – we had so many highlights.

It was so nice to get back onboard after a day of exploring and share stories with the other passengers on board over an incredible 3 course dinner and then head to the lounge, where they had different entertainment every night.

I thoroughly enjoyed my 7 days onboard and found it a perfect combination of relaxation and exploration. APT & Travelmarvel have so many great itineraries across their range, including amazing gardening itineraries with Botanica. I highly recommend trying APT for a comfortable and unforgettable travel experience.
