Summer 2018/2019

## Greetings Ladies,

As we prepare for our Hobart and Launceston Christmas meetings, which are always the largest meetings of the year, we are reminded that not all members are able to join us. In August we received a lovely email from a Sydney member which read: "How I would love to join you and all your travelling ladies one day! I love getting the TLC newsletter and scour it with great interest. The photos of all the gals always look like happening groups of ladies, giving life a good go. One day I will meet you all and join you on an adventure. Until then happy travels."

Thank you Chris, we certainly do hope you can join us one day! With so much communication today being done by email and new members joining via the internet, we have been brought together with people from afar. This is fantastic but has meant that sometimes we have no idea where the people we are communicating with live! With the intention of making sure all TLC members are provided with information most relevant to them, we recently sent out an email to get to know these members a little better and were delighted to receive responses within minutes from interstate and as far away as the USA and Switzerland!

As a result of this response, we are looking forward to creating more content for our interstate and overseas members, as well as exciting new meeting opportunities locally. We would like to wish you all - near and far - a very Merry Christmas and a New Year full of exciting travel adventures.

Warm regards from Ruth, Anne, Pam, Robyn & Judy
